

MYANMAR

Flooding Relief

FAIR is working in partnership with Hope International to provide relief to those in Myanmar in the wake of devastating flood which began with the arrival of the 2015 monsoon season and was intensified by the effects of Cyclone Komen in late July.

Emergency relief is being distributed in the form of: food, shelter, and clean water to meet the immediate needs. Rehabilitation will be provided to meet the ongoing needs of those impacted and in greatest need.

**YOU can help alleviate
the suffering in Myanmar!**
